### **Forward-Looking Statements**

*This Form 6-K contains forward-looking statements within the meaning of the “safe harbor” provisions of the Private Securities Litigation Reform Act of 1995 and other applicable securities laws. Statements preceded by, followed by, or that otherwise include the words “believes”, “expects”, “anticipates”, “intends”, “estimates”, “plans”, and similar expressions or future or conditional verbs such as “will”, “should”, “would”, “may” and “could” are generally forward-looking in nature and not historical facts. For example, when we discuss making services available in additional target regions or agreeing to collaborate with BioTel Heart, a division of BioTelemetry Inc., we are using forward-looking statements. Because such statements deal with future events, they are subject to various risks, uncertainties and assumptions, including events and circumstances out of the Company’s control and actual results, expressed or implied by such forward-looking statements, could differ materially from the Company’s current expectations. Factors that could cause or contribute to such differences include, but are not limited to, risks, uncertainties and assumptions discussed from time to time by the Company in reports filed with, or furnished to, the U.S. Securities and Exchange Commission (“SEC”), including the Company’s latest Annual Report which is on file with the SEC. Except as otherwise required by law, the Company undertakes no obligation to publicly release any revisions to these forward-looking statements to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.*
