## New CloudPAT™ SW version 2.8

Dear WatchPAT Customer,

We are pleased to announce the release of CloudPAT v2.8, effective July 8<sup>th</sup>, 2019. This release is aligned with the release of our new WatchPAT™ONE, the first and only disposable Home Sleep Apnea Testing device that brings advancements in the user experience that our WatchPAT users have requested.

### PLEASE NOTE:

- 1- During the upgrade that will be performed on Sunday July 7<sup>th</sup>, 2019, the CloudPAT system will not be available. On Monday July 8<sup>th</sup>, CloudPAT will be available again.
- 2- CloudPAT V2.8 **DOES NOT** require update of the RemotePAT (RPAT) Smart Agent for WatchPAT 200 and 300 users. There is **No** action needed for WatchPAT users.
- 3- CloudPAT users that download WP300 studies to zzzPAT shall verify zzzPAT version is 5.0.75.1 or above.
- 4- CloudPAT users that download WatchPAT™ ONE studies to zzzPAT shall verify zzzPAT version is 5.1.76 or above.

This version will have the following new features:

- Major enhanced capabilities
  - Integration with ResMed Compliance Data Server (AirView™), enabling physicians to track the CPAP compliance and treatment effectiveness of their patients using ResMed devices.
  - Supports WatchPAT™ ONE, Itamar Medical's new single use Home Sleep Apnea Testing device
- Enhancements for offices
  - Improved automation options:
    - Automatically sets the desaturation value as 4% for Medicare patients if they have been marked as Medicare during the study upload.
    - Creates patients from list
  - New privacy enhancements
    - Improved IP based access restriction
    - Enhanced access control to patient's health information per office
  - Simplifying the communication with non-complying CPAP patients by sending email messages to them based on configurable email template

# WatchPAT<sup>™</sup> Simple. Accurate. Reliable.

- Enhancements for interpreting physicians
  - Ability to preview final report prior to locking it.
  - Ability to change the report's AHI percent (based on office settings).
  - Interpreting physician will receive notification when a study in their list is reassigned to another interpreting physician.

The release is accompanied by an updated operational manual which will be available on Itamar Medical's website at <http://www.itamar-medical.com/Support/Downloads> after its release.

These updates continue Itamar Medical's commitment to delivering products that are simple, accurate, reliable with an uncompromising service to our customers.
